

4th International Conference on  
**FUNDAMENTALS AND APPLICATIONS OF  
CERIUM DIOXIDE IN CATALYSIS**

17-20 September 2024  
Grand Hotel Bernardin, Portorož-Portorose, Slovenia

## GUIDED TOUR OF PIRAN

Wednesday, 18 September 2024

### PROGRAM

19:00 Meeting with a local guide at the beach area of Grand Hotel Bernardin  
19:15 – 21:00 Walking to Piran (approx. 15 minutes) with a guided tour

**Notice:** The hours of activities are approximate, minor changes may occur.

The most beautiful town on the Slovenian coast grew with the help of salt. The Piran salt pans, where the world-class fleur de sel (flower of salt) is still produced today using age-old methods, were the reason why the picturesque Mediterranean walled town, with its church with a view and cultural attractions, flourished. The old port town with remnants of a medieval wall is protected as a cultural and historical monument. Narrow streets with closely constructed houses descending from the hill and its church to the central square on the coast only emphasize its Mediterranean character. This worldly coastal town, which developed under the influence of Venice, is considered to be one of the most authentic and photogenic towns on the Adriatic coast.
